

NEW!

**Accessing KRA-L Data at the ODE iLRC (Interactive Local Report Card) Website
Office of Early Learning & School Readiness
Ohio Department of Education
November 2009**

Getting to the Data

1. Go To Website: <http://ilrc.ode.state.oh.us/> or from ODE home page, click "Data" then "Report Card Data (iLRC)"
2. Go to "Power User Reports" and click on "Go" button.
3. On Power User Reports page, scroll to bottom and click "Begin."
4. Click on folder for "Early Learning Tests"
5. You will see reports for:
 - a. KRAL Read Me
 - b. KRAL Percent by Band with Student Disagg (District)
 - c. KRAL Percent by Band with Student Disagg (State)
 - d. KRAL Students Tested with Student Disagg (District)
 - e. KRAL Students Tested with Student Disagg (State)

Report Explanations

6. **KRAL Read Me:** this file contains a description of the purpose of the Kindergarten Readiness Assessment Literacy and the score band definitions.
7. **KRAL Percent by Band with Student Disagg (District):**
This report displays the percentage of students tested using the Kindergarten Readiness Assessment - Literacy in each of the three results bands for a school district. Select from:
 - Student disaggregation: choose 0-3 student attributes.
 - School year: select at least one school year. This determines which year of data you will review. Currently FY06 through FY09 is posted.
 - District: you may select a district, multiple districts, or leave blank to review all districts in state of Ohio.
 - Click "Run Report"
 - Users may print or export report to Excel, CSV, HTML or Plain text documents.
8. **KRAL Percent by Band with Student Disagg (State):**
This report displays the percentage of students tested using the Kindergarten Readiness Assessment - Literacy in each of the three results bands for the state of Ohio. Select from:
 - Student disaggregation: choose 0-3 student attributes.
 - School year: select at least one school year. This determines which year of data you will review. Currently FY06 through FY09 is posted.
 - Click "Run Report"
 - Users may print or export report to Excel, CSV, HTML or Plain text documents.

9. KRAL Students Tested with Student Disagg (District):

This report displays the number of students tested using the Kindergarten Readiness Assessment - Literacy for a school district. The report includes mean and standard deviation.

Select from:

- Student disaggregation: choose 0-3 student attributes.
- School year: select at least one school year. This determines which year of data you will review. Currently FY06 through FY09 is posted.
- District: you may select a district, multiple districts, or leave blank to review all districts in state of Ohio.
- Click "Run Report"
- Users may print or export report to Excel, CSV, HTML or Plain text documents.

10. KRAL Students Tested with Student Disagg (State):

This report displays the number of students tested using the Kindergarten Readiness Assessment - Literacy for the state of Ohio. The report includes mean and standard deviation.

Select from:

- Student disaggregation: choose 0-3 student attributes.
- School year: select at least one school year. This determines which year of data you will review. Currently FY06 through FY09 is posted.
- Click "Run Report"
- Users may print or export report to Excel, CSV, HTML or Plain text documents.

Please Note the Following:

- From now on this will be the method for viewing all district KRAL data.
- ODE will no longer post PDF reports on the KRAL website.
- All public users will be directed to this website to access KRAL data.
- Data within districts that have a total or subgroup N of less than 10 will be masked only for the subgroup or total score with less than 10.
